Notes, Hints & Tips:

- Before use, be sure to rinse the aquarium in tap water to remove any dust.
- To set up your tank, simply add your chosen gravel, plants and ornaments to help create a natural environment then add water treated with Aqua One Water Conditioner, to remove harmful chloramines. Allow 3 days for the tank to settle, and then you can add your first few fish gradually to the aquarium.
- Your Horizon Aquarium contains a full set of instructions for setting up & maintaining a healthy habitat in your tank.

Warnings and Disclaimers:

- Read and follow all safety instructions and important notices regarding this product.
