Code	Description	Inner	Carton
12048	Dial-A-Diet Digital Auto Feeder	1	24

Make feeding time a breeze with the Aqua One Dial a Diet!

The automatic feeder can be set to feed up to 5 times a day, and up to 3 portions per feed! This allows for different quantities to be fed at different times throughout the day.

Fish feeding has just become simpler!

Suitable for: Coldwater, Tropical & Marine

Features & Benefits:

- Can be set to feed up to 5 times a day and up to 3 portions per feed.
- Clear easy to read LCD screen with built in digital clock for accurate feed times.
- Suitable for use with dry foods (i.e. flakes, pellets etc).
- Can be used manually or set to feed automatically.
- 12 month warranty.

Notes, Hints & Tips:

- Suitable for use with dry food only.
- Keep the feeder away from splash/spray caused by airstones or filter outlets. Water will cause food to clump and may prevent food from exiting the feeder.
- Maintain food level between Max and Min levels.
